Re: Amendments for Pulaski County Vote Center Plan

Dear Brad and Angie:

Please find enclosed a letter from the Pulaski County Election Board describing our procedure that Pulaski County will use to associate a voter with a unique identifier for early voting. Also please find enclosed a Contract to Provide IT Services to the Pulaski County Election Board. Please add these as amendments to the Pulaski County Vote Center Plan.

If you have any questions, please do not hesitate to contact me at 574-946-3313 or pulaskiclerk@pulaskicounty.in.gov.

Thank you,

Christina L. Hoffa

RE: Description of Voting Procedure

Dear Brad and Angie:

In compliance with IC 3-11-10-26 (e), I am writing to describe the procedure that the Pulaski County Election Board will use to associate a voter with a unique identifier for early voting.

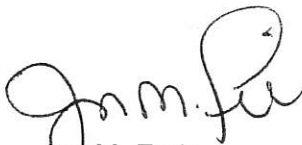

Pulaski County does use electronic poll books and electronic voting systems during absentee in-office and satellite voting. Pulaski County has established the procedure to produce a ticket from the electronic poll book that contains the Statewide Voter Registration System's voter id number. The voter id number will be entered into the MicroVote Infinity voting machine to associate the voter with their unique ballot during early voting. The ticket from the electronic poll book will be similar to that shown in the upper right corner of this letter. Should the electronic poll book be unable to produce this ticket, we have emergency tickets. Workers will manually enter the required information on the emergency ticket from SVRS.

This procedure will allow us to locate and retrieve specific voter ballots from the voting machine to ensure that invalid votes are not counted.

Regards,

Christina L. Hoffa
